REPORT OF THE PLANNING BOARD

This year the Planning Board has proposed a set of Sub-Division Regulations for the Town of Temple. We are one of the few towns throughout the area without the protection that these State and Federally recommended laws provide. The Regulations are for new sub-divisions only.

At the request of the Selectmen, we have also proposed an Article in the Town Warrant to officially close old, unused roads so that sub-dividers or developers could not have them cleared and paved at town expense. The Article was written by the Town Attorney.

SOUHEGAN VALLEY AMBULANCE DISTRICT SERVICE ANNUAL REPORT

The ambulance service started on September 1, 1972. We have three (3) ambulances located in Greenville to cover the four (4) towns — Temple, Greenville, New Ipswich and Mason.

Temple has twelve (12) persons who hold advanced first aid and medical self-help cards and are licensed by the State of New Hampshire to transport and administer to the sick and hurt en route to hospitals.

From September 1st to January 3rd, the ambulance service has answered forty-two (42) calls in the area, either to accidents or for transfer of the sick to hospitals or nursing homes.

Calls — Temple 2; Greenville 23; New Ipswich 14; Mason 3.

We feel this is an essential and efficient service to the community.

The telephone number for day and night ambulance service is:

REPORT OF THE FOREST FIRE WARDEN

and DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 a.m. and 5:00 p.m. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

STATE	-	410 fires	361 acres burned
DISTRICT	-	79 Reported	45¼ acres
TOWN	-	1	Spot

TEMPLE CONSERVATION COMMISSION

ANNUAL REPORT

The commission was formed under statutes R.S.A. 36A of the State of New Hampshire in 1972. The primary function is for the promotion and development of the natural resources and the protection against pollution of watershed resources of the town. The commission will work with the selectmen and or other boards in town to see that undue damage is not done to areas of woodland, wetlands and pollution of streams and other areas.

The commission has held monthly meetings since it was formed. Several field trips were made during the year.

Marlborough — Attended a joint meeting with the Hillsborough and Cheshire County towns commissions to see what could be done to get young people interested and involved in conservation.

Milford — Inspected the restoration of Railroad Pond.

Mont Vernon — Inspected a private project to conserve a watershed area and maintain a wildlife refuge.

Several trips were made in town to areas that might have conservation possibilities and will require our study.

The commission will be glad to meet with any land owner who has any ideas or problems concerning conservation and pollution. Please contact the chairman and he will arrange a meeting.
